

ABDULLAH-AL FIROZ

Software Engineer | .NET & React.js | Web Application Development

+8801737951951 | eng.firozcse@gmail.com | linkedin.com/in/abdullah-al-firoz
github.com/abdullah-al-feroz | Mirpur-2, Dhaka-1216

EXPERIENCE

Software Engineer Limerick Resources Ltd

- 01/2025 - Present | 3 Industrial Plot, Mohammadpur, Dhaka 1207
- Designed and developed a secure and scalable ERP system using .NET Core.
 - Implemented efficient database interactions with Entity Framework, ensuring optimized transaction handling.
 - Enhanced API performance, reducing response time by 30% through caching and query optimization.

Software Engineer Xeon Technology Ltd

- 01/2021 - 12/2024 | Mirpur-10, Dhaka-1216
- Developed web applications using .NET Web API for the backend and React for the front end, improving system scalability and user experience.
 - Developed new features and enhancements for the application using React and TypeScript.
 - Implemented REST APIs to connect the application to the backend services.
 - Collaborated with cross-functional teams to ensure timely delivery of project milestones.
 - Debugged and resolved application issues to improve user experience.

PROJECTS

ERP System - Built with .NET Core, Kafka, gRPC

- https://limtecherp.com
- A modern ERP system powered by .NET Microservices, Apache Kafka, and gRPC, designed to deliver high-performance, scalable, and secure enterprise operations. It boosts operational efficiency and simplifies for businesses.
- For Supply Chain:** Designed and implemented a scalable inventory and procurement API using .NET Core and C#, enabling real-time tracking, vendor management, and reducing operational bottlenecks by 30%.
 - For HR:** Developed secure and efficient employee management APIs with .NET Core and Entity Framework, payroll, and performance tracking

PocketX (POS System) - Built with .NET Core, Next.js, GraphQL

- https://dev.pocketx.app
- PocketX is a cutting-edge POS software solution designed to simplify sales, enhance customer experiences, and optimize inventory management for both in-store and online operations.
- Responsive User Interface (UI) Design and Development (Next.js)** - Created a user-friendly and performant UI to improve user experience across devices.
 - Backend Integration (.NET)** - Established seamless data flow between the frontend and backend for efficient system operation.
 - Core Feature Development** - Developed essential functionalities for sales and Purchase Management, inventory management, and customer loyalty programs.

ERP System - Built with .NET Core, React.js, and GraphQL

- https://erp-dev.xeonsoftware.com
- The ERP system simplifies business processes by automating HR tasks such as employee management, leave tracking, and asset management. It enhances operational efficiency and improves cross-departmental coordination.
- Developed and maintained key modules** such as Employee Management, Leave, Movement, Asset, and Contact Book, ensuring seamless integration with the overall ERP system.
 - Collaborated with cross-functional teams** to design and implement scalable features that improved overall workflow and system performance.
 - Integrated backend services using .NET Core and GraphQL** to ensure smooth data flow and robust functionality across different departments.
 - Designed and optimized front-end interfaces using React.js** for improved user experience and responsiveness.

SUMMARY

Driven software engineer with 4+ years of experience in developing web applications, specializing in .NET and React.js. Passionate about enhancing user experiences and committed to delivering high-quality solutions. Eager to contribute technical expertise and collaborate with teams that prioritize innovation and impactful projects, aiming to create software that meets real-world challenges. Excited about the opportunity to help shape the future through technology and effective teamwork.

EDUCATION

- ### B.Sc. In Computer Science & Engineering Bangladesh University of Business & Technology
- 04/2015 - 04/2019
Rupnagar R/A, Mirpur-2, Dhaka-1216, Bangladesh
CGPA: 3.14 out of 4.00

- ### Diploma in Engineering Kushtia Polytechnic Institute
- 01/2009 - 01/2014 | Kushtia, Bangladesh
Computer Technology
GPA: 3.33 out of 4.00

SKILLS

HTML5	CSS3	Bootstrap5
Tailwind CSS	JavaScript	TypeScript
React.js	Next.js	
C#	ASP.NET CORE	Entity Framework
MVC	GraphQL	Apache Kafka gRPC
MySQL	SQL Server	
Git	GitHub	

TRAINING / COURSES

- ### Web App Develop-Dot net
- BASIS Institute of Technology & Management Limited (BITM)
- ### Frontend Web Development
- Udemy.com
- ### Algorithms Specialization
- Coursera.com
